ARTICULATING RIDERS

Trees, bushes and flower beds are no obstacle for our articulating mowers because they're equipped with a steering system that allows the rear wheels to swing underneath the machine. The result is outstanding manoeuvrability as well as superior traction.

PremierCut™

The PremierCut™ deck boasts an efficient design with a large discharge allowing for smooth airflow that leads to more even and numerous cuts to grass which allows for extra-fine mulching, leading to a healthier, better looking lawn. The PremierCut™ deck's wheels are inset, letting you mow within inches of your lawn's perimeter, minimizing the need for trimming.

BATTERY SERIES

No more cord or fuel to deal with. Enjoy the convenience of these battery-powered products combined with the Husqvarna performance you expect.

INTRODUCING NEW HOMEOWNER BATTERY BUNDLES

Our newest lineup of high-performance battery products are conveniently packaged with a BLi20 battery and QC80 charger. The battery fits all 100 Series handheld machines and the charger conserves energy when using 'energy-save' mode. We make it easier to work longer, stronger, and lighter.

TITANIUM FORCE™ TRIMMER LINE

Our Titanium Force™ trimmer line is the lawn trimmer taken to the next level. Incorporating a variety of technological advancements, it delivers longer life and enhanced performance. Plus, with its fast acceleration and level flight, the Titanium Force™ trimmer line also reduces fuel consumption and operates quieter than most other trimmers.

HEDGE TRIMMERS

Hedge trimmers that deliver versatility, performance and the comfort of ergonomic design.

INNOVATION BUILT INTO EVERY HUSQVARNA SAW.

*Not all Husqvarna chainsaws include X-Torq® technology. Ask your local dealer for more details.

X-TORQ®

The X-Torq® technology reduces exhaust emissions by up to 75% and increases fuel efficiency by up to 20%. Your work will become more comfortable as well as more economical.

LOW VIB®

Effective anti-vibration dampeners absorb vibration, reducing the impact on the user's arms and hands for more comfortable operation.

AIR INJECTION™

A centrifugal air cleaning system for reduced wear and longer operating time between filter cleanings. You will be able to work longer shifts with less effort.

COMPOSITE & TRADITIONAL WOOD HANDLE AXES

The more precise the design, the more concentrated the power of the cut. Husqvarna composite axes are engineered to achieve this degree of proficiency by incorporating an optimized axe head and a light, fibre-reinforced steel shaft for perfect balance and weight distribution.
